## "Exploring HTML Tags"

Hi my name is **Suresh Pandit** and I am TRU student. I am learning website design in this semester.
I have lots of hobbies and my main hobby is to *coding and webstie designing*.

We are learning basics of the HTML right now. We have learned how to *build a webpage* using the basic
concepts.We *learned how to write **comments, heading, paragraphs***. We learned about **breaks, text
formatting and about the head tags.**

## "HTML TAG LIST"

We learned about the HTML tags in previous session. There are various HTML tags and here we are discussing
only of the five of them. Given below are the list of tags Bold = **This is the example of bold tag**
Italic = *This is the example of italic*
Emphasized = *This is the example of emphasized*
Strong = **This is example of strong emphasis tag**
Defining heading =

### This is example of level3 heading

Part 2:

Gmail.com

Head Tag: This tag contains the metadata, title and the stylesheets. This contains some links as well. This also contains icon of gmail which is shown in the browser tab.
